Dear Sir:

Will you be so kind as to inform me whether there are available photographs of two paintings attributed to Fabritius in your Museum? Also, whether there may be procured photographs of the companion Portraits of a Man and Woman, by van den Beekhout? I should also like to know whether these last two are signed and dated.

If photographs are available, will you kindly tell me their cost, and if not, if you can tell me whether any of these paintings have at any time been reproduced, I should be very glad to have a citation.

Assuring you that your aid will be greatly appreciated, I am

Cordially yours,

Secretary
